PRECAUTIONARY STATEMENTS

May cause irritation to skin, eyes and respiratory tract. Harmful if swallowed or inhaled. Affects the central nervous system, liver and kidneys. Wear goggles or face shield, rubber gloves and protective clothing when handling.

Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. In case of spill/splash, remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARD

This product may be toxic to aquatic life. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of the National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority that has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame. Do not mix with oxidizers, alkaline soaps and detergents.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

STORAGE: Open dumping is prohibited. Store only in original container. Do not reuse empty container. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.

DISPOSAL: Wastes are acutely hazardous. Improper disposal of excess solution, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

MAPS™ MATRIX-47 Antimicrobial Surface Coating

MAPS™ MATRIX-47 is a unique water-based antimicrobial polymer gel formulated with organic acids and natural ingredients designed to:

- Resist spoilage and deterioration by microorganisms
- Adapt to changing ambient conditions and moisture level

MAPS™ MATRIX-47 colour and cloudy solution is inherent to its' unique formulation.

Once sprayed onto any clean, dry, hard surface, **MAPS™ MATRIX-47** will form an antimicrobial microscopic film on the surface substrate.

Ingredient Disclosure:

Organic Acids	0.21%
Inert Ingredients.....	4.99%
R/O Water.....	94.80%
TOTAL.....	100.00%

KEEP OUT OF REACH OF CHILDREN

CAUTION!

See left panel of label for additional precautionary statements

FIRST AID:

Have the product container or label with you when calling a poison control center, seeking medical advice or treatment.

IF ON SKIN OR CLOTHING: Wipe off excess material from skin then immediately flush skin with plenty of water for at least 15 minutes. Remove contaminated clothing and shoes. Wash clothing before reuse. Call a physician.

IF IN EYES: Immediately flush eyes with plenty of water for at least 15 minutes, lifting lower and upper lids occasionally. Remove contact lenses if present after the first 5 minutes, and then continue rinsing eye. Get medical attention immediately.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, and then provide artificial respiration. Call a poison control center or doctor for further treatment advice.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

DILUTION

MAPS™ MATRIX-47 is formulated as an RTU (ready-to-use) surface stabilizer and may be sprayed or fogged directly from the container.

The surface substrate must be completely clean and dry prior to applying **MAPS™ MATRIX-47**.

DO NOT SPRAY ONTO A WET SURFACE SUBSTRATE AS THIS WILL RENDER MAPS™ MATRIX-47 COMPLETELY INEFFECTIVE

Apply **MAPS™ MATRIX-47** on a small obscure test surface area to determine compatibility with the substrate

SynBionic Évolution Inc. or any of its distributors and/or resellers, will not be held responsible for any damage whatsoever to any surface substrate. Compatibility and efficacy of **MAPS™ MATRIX-47** with any substrate rests solely as the responsibility of the person applying **MAPS™ MATRIX-47**.

NOTE: For further information, please refer to the SDS.
